

Nathan-

There are two things that I will always remember most about having you as a student - first, that smirk. It was such a perfect mix of "Woman, you are crazy" and "yeah, I agree with you". The second thing is your respectfulness. You were such a gentleman in every way - from holding doors for people to offering assistance every chance you could. I can still hear you telling me to have a good day as you left the classroom. You were loved by many and will forever hold a spot in our hearts.

Ms. Henigman
